vITAD tells the story  
of circular  
sustainability

## vITAD's Value-Added Enhancements

- ERP Integration
- Customized 3PL Solutions
- Portal Customization for Asset Tracking
- Re-Imaging and Redeployment
- Legal Hold, Remote Management, Storage
- Remote Worker Programs
- Non-Traditional Assets

vITAD  
encompasses the  
criteria to impact  
a company's ESG  
program  
positively

ESG reporting is a  
priority for all  
company  
stakeholders

vITAD allows organizations to provide substantial benefits and increase customer satisfaction by absorbing operations that were traditionally only supported by the internal IT team or outsourced service providers.
